Welcome

to Agro Food Park

At Agro Food Park, we are more than 100 companies and 1500 employees gathered in one location. We are a leading innovation environment for agricultural and food companies in Denmark, where operations, development and implementation of ideas go hand in hand. Together, we form a unique environment with a strong network of people across disciplines and competences.

With this networking book, the intention is to create an overview of the companies that live in Agro Food Park through a short presentation. The book makes it easy to reach out to the network, cultivate and strengthen it. In each presentation you will find an associate who is ready to network.

Enjoy the book!
